ELBERFELD ISLAND UFER
ELEKTRISCHE SCHWEBEBAHN ELBERFELD-BARMEN

LL7613

TUCK'S POST CARD

CARTE POSTALE. POSTKARTE.

By Appointment.

Elberfeld. The twin manufacturing towns of Elberfeld and Barmen are connected with Vohwinkel and Sonnborn by an overhead electric cable mono-rail railway, the invention of Eugen Langen. This triumph of modern engineering is 8 miles in length and was the first of its kind to be opened in Europe.

(For Address Only.)

Processed in Bavaria.
